Quarter Midget racing is a family oriented sport that involves racing in special prepared cars. The cars, rules and safety procedures are designed specifically for kids. This is an entry level motorsport with no experience needed. They race on oval tracks approximately 1/20 of a mile. A child who is 5 to 16 years of age can race. Safety features include full roll cages, multi-point seat harnesses, full face helmets, and other gear. This sport has fewer injuries than little-league football. The sport and sanctioning body is constantly reviewing and evaluating safety rules to ensure that quarter midget racing remains a safe competitive sport. The racing environment is about children and family. Not only do kids learn valuable skills and sportsmanship, but they also make new friends. Mom and Dad will make new friends too.

Our track is located at the Sandia Motor Speedway just west of Albuquerque off of I-40. Our sanctioning body is the United States Auto Club, USAC, which provides many opportunities to race against the best drivers in the country without even leaving Albuquerque. Regional races at nearby tracks including Valley of the Sun Quarter Midgets in Phoenix and Orange Show Quarter Midgets in San Bernardino allow for a great out of town experience for those who travel.

Join us for test drives Saturday, March 31, 2012 from 9:00am – 3:00pm on our track at Sandia Motor Speedway.
